Daily Itinerary - Details

Day 1: Central Komodo	Welcome aboard! Embark on your adventure at 9:00 AM in Labuan Bajo, where our crew will warmly welcome you and guide you to the harbor. After enjoying a refreshing welcome drink on board and settling into your cabin, we'll kick off the trip with a safety briefing and boat orientation. Afterwards we'll head to Central Komodo, ready to dive into two amazing dive sites. Central Komodo is known for its vibrant coral reefs, diverse marine life, a big variety of dive site topographies as well as its regular Manta Ray sightings due to a number of cleaning stations in the main channel of Komodo - get ready to go on your first of many Manta hunts! Whilst Komodo is famous for its exhilarating drift dives through powerful currents, Central Komodo also features a selection of more sheltered dive sites. These are perfect for your check dives, easing you into the currents and ensuring you feel comfortable and confident as you explore Komodo's underwater world. The day finishes with a night dive in Siaba Besar, a beautiful underwater pinneacle with large coral formations that attract a large variety of macro life. As the day winds down, relax and enjoy your first night on board.
Day 2: Padar Island	The day starts with two more dives in Komodo Central in the morning. Today, we'll visit some of Komodo's most iconic dive sites, such as Batu Bolong and Tatawa Kecil, where you'll get acquainted the renowned Komodo currents. Experience the vibrant fish soup at Batu Bolong, often hailed as of the world's best dive spots, and marvel at the unique topography of Tatawa Kecil, which offers swim-throughs, drop-offs, boulders and many more. Both dive sites attract large fish who play in the current lines, adding an extra layer of excitement. After our second dive we set sail south towards Padar Island, where we will go on our third dive of the day. Late afternoon we get ready for our hike up to Padar's famous viewpoint, to witness a breathtaking sunset over Komodo.
Day 3: Central Komodo	In the morning we embark on a trekking adventure on Komodo Island to meet the famous Komodo Dragon, the world's largest living lizard, found only in selected areas of Komodo National Park. A must-do on your Komodo bucket list! Once back on the boat, we head back to Central Komodo for another three dives, including the famous manta dive site Manta Point which is located just off the east coast of Komodo Island. In the afternoon we set sail towards North of Komodo, where we will anchor for the night. Enjoy your time on board with a sunset drink, a swim in the crystal clear waters or a sun bath on one of our cozy sunbeds as the day comes to a close.
Day 4: North Komodo	Experience the thrill of North Komodo with three legendary dives in its exhilarating currents, including the renowned dive site The Cauldron ("Shotgun"), where you'll enjoy a high-adrenaline drift dive through a narrow channel between two islands. You'll also explore the underwater pinnacles of Castle Rock and Crystal Rock, where vibrant coral gardens, big schools of fish as well as Giant Trevallys, Barracudas and Sharks await you. As you enjoy your last lunch on board we head back to Labuan Bajo, where we will reach the harbor to disembark around 4:00 PM. Our team is happy to assist you with transportation back to your hotel.
