Daily Itinerary - Details

Day 1: Central Komodo	Embark on your adventure at 8:00 AM in Labuan Bajo, where our crew will warmly welcome you and guide you to the harbor. After enjoying a refreshing welcome drink on board and settling into your cabin, we'll kick off the trip with a safety briefing and boat orientation as Sangeang is heading out into Komodo National Park. We start with a visit at Kelor Island, a tiny uninhabited island located just 30 minutes away from Labuan Bajo. After a short hike to its viewpoint, you'll be rewarded with breathtaking 360° panoramic views of the archipelago. Kelor is a pristine snorkeling and swimming spot with beautiful white sandy beaches on which you can relax and soak in your first impressions of Komodo. Explore the underwater world, or shop for cute handcrafted souvenirs which the locals are selling on the island. Late afternoon, we'll head to Kalong Island, a small mangrove-covered island famous for hosting thousands of fruit bats, known as „Flying Fox". Each sunset the bats leave the mangrove forest and go on the hunt for food, which is a stunning sight to watch for around 30-60 minutes. A perfect way to conclude your first day on board.
Day 2: Padar Island	We'll rise early to embark on an exciting journey to the renowned Padar Island. Begin your day with a hike to Padar's famous viewpoint, where you'll be greeted by a breathtaking sunrise over Komodo National Park. Afterwards, enjoy ample time to relax, swim and snorkel at Padar's beautiful Pink Beach, which gets its striking pink color from broken fragments of red coral mixing with the white sand. Following a delightful picnic on the beach, we'll get back aboard Sangeang and head west to Komodo Island, where we explore and snorkel at Komodo' Pink Beach, capped off by a spectacular sunset over the National Park.
Day 3: Central Komodo	Kick off your last day with a trek on Komodo Island to meet the famous Komodo Dragon, the largest living lizard in the world, found only in selected areas of Komodo National Park. A must-do on your Komodo bucket list. Next, we'll head to the renowned dive site Karang Makassar, also known as "Manta Point". Manta Point is located right in the main channel of Komodo and contains many Manta cleaning stations, making it one of the best spots in Komodo for Manta Ray sightings for snorkelers. After your snorkeling experience we'll set off back towards Labuan Bajo. The approximately two-hour journey allows you to dry off and enjoy a final sunbath or snack on board while packing your belongings. We aim to return to Labuan Bajo harbor around 5 PM, where we're happy to assist with transportation to the airport or your hotel.
